

# Improving water governance: From knowledge to action

 CICAD Room 202 | Event SS14 | World Water Forum 9

 Thursday 24 March | 13:30–15:00 (Dakar time)

This special session will explore innovative approaches to generating and sharing practical knowledge on integrated water resources management (IWRM) among a wide range of cross-sectoral stakeholders. It will highlight proven sustainable water and climate solutions, covering themes such as food security, social inclusion, and transboundary cooperation.

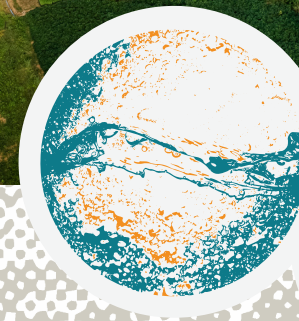

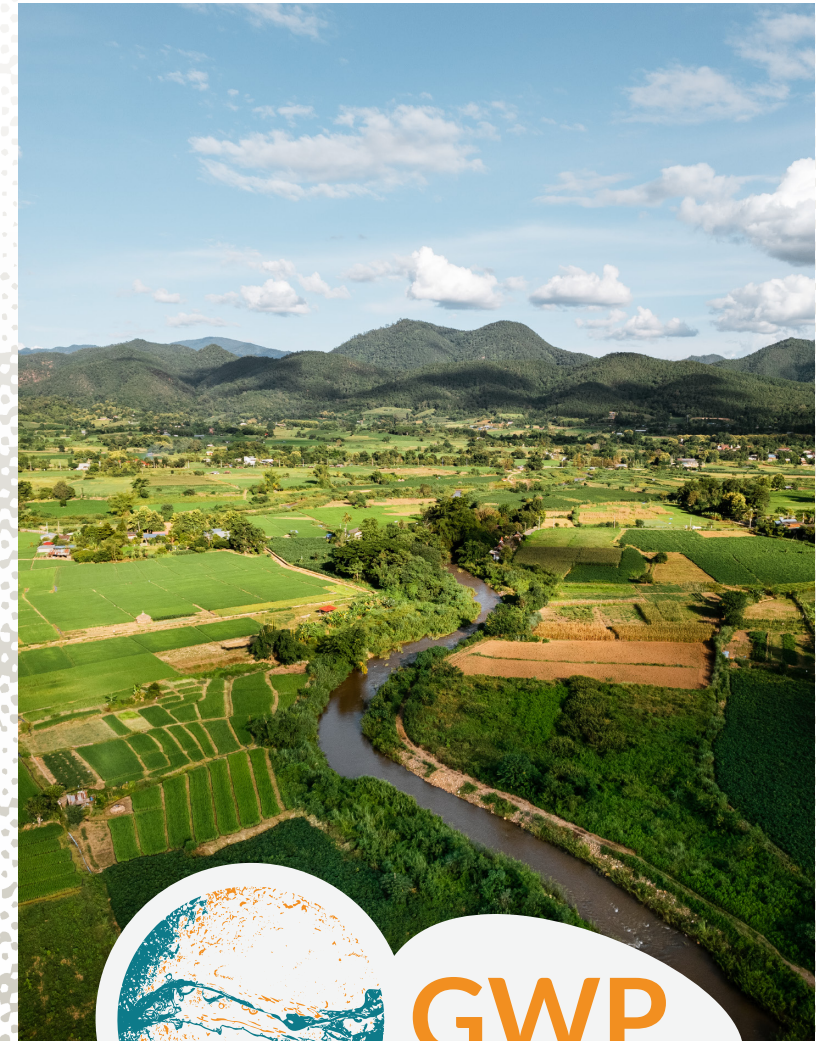

## The session will launch:

GWP Toolbox: IWRM Action Hub

**GWP Toolbox**  
IWRM ACTION HUB

MINIMAX Competition: Solutions for  
Managing Water and Climate Extremes
