This certificate proves that

GWP  
via Tranås Resebyrå

Has offset 339,01 tonnes of CO<sub>2</sub> with VCS Wind India credits in 2012

Offsetting is done by investing in selected sustainable energy projects of Climate Neutral Group. These sustainable energy projects reduce CO<sub>2</sub> emissions elsewhere.

The projects are also selected for the contribution they make to the development of the local population and region. Developments like: employment opportunities, knowledge transfer, health improvement, boosting local economy and local environmental improvements.
