

Certificate

16724

This certificate proves that

GWP
via Tranås Resebyrå

Has offset 263,48 tonnes of CO₂
with Gold standard credits in 2015

Offsetting is done by investing in selected sustainable energy projects of Climate Neutral Group. These sustainable energy projects reduce CO₂ emissions elsewhere.

The projects are also selected for the contribution they make to the development of the local population and region. Developments like: employment opportunities, knowledge transfer, health improvement, boosting local economy and local environmental improvements.
