Please refer to the **Solemn Self-Declaration Statement in Annex 1 which should be filled in and signed as indicated. Failure to comply with the requirements included in the Self Declaration is considered ground for exclusion.**

Selection Criteria (Pass/Fail)

Successful participants must have: (in case of a group of experts / company the experience listed below applies for the lead expert).

- a) University degree (BSc or equivalent) in relevant field (Environmental Law, Water resources management, Natural resource management, Environmental management, Hydrology, Hydro engineering, Civil or Environmental engineering, and/or related fields or similar) (in case of a more general first University degree discipline, Master or equivalent degree closely related to the scope of the work)
- b) Fluency/proficiency in both written and spoken English.

Qualification and Experience

The required and desired qualifications are presented below. **Failure to provide the minimum required qualifications is considered ground for disqualification.** Qualifications additional to the minimum requested per category will receive additional score under the evaluation process as described in section Awarding Criterion and Evaluation process'. In case of a group of experts / company the experience listed below applies only for the lead expert.

Work experience (Required)

- Minimum fifteen (15) years of experience water and/or flood management
- Minimum seven (7) years of experience in flood management in the EU countries and/or EU financed projects

Work experience (Desired)

- Minimum three projects implemented with the scope on FRM policy analyses/development and two project in capacity building in FRM related to international water basins in EU countries in last 10 years.
- Minimum two years' experience in working with the Drin riparian countries on water/flood related issues
- Knowledge of one of the three Drin riparian languages

Awarding Criterion and Evaluation process

The Award criterion is the most economically advantageous tender on the basis of best price / quality ratio.

Offers shall be evaluated as follows:

Offers qualified in terms of exclusion grounds and selection criteria will be further evaluated on the basis of the requirements presented under section “Qualification and Experience”, as follows:

Name of Firm / Participant:			
(1) Criterion	(2) weighting (w)	(3) points of criterion (c) 100p Base +10p for extra criteria over base up to 50 additional points	(4) Score = (2) x (3)
Required qualifications			
Minimum fifteen (15) years of experience on water and/or flood management	30%		
Minimum seven (7) years of experience in flood management in the EU countries and/or EU financed projects	20%		
Desired qualifications			
Minimum three projects implemented with the scope on FRM policy analyses/development and two project in capacity building in FRM related to international water basins in EU countries in last 10 years.	25%		
Minimum two years' experience in working with the Drin riparian countries on water/flood related issues	15%		
Knowledge of one of the three Drin riparian languages	10%		
Total	100%		

Failure to provide the minimum requirements in any of the above is considered ground for disqualification

Each Section/evaluation criterion is evaluated autonomously. The final scoring of each evaluation criterion is the outcome of its scoring multiplied by the corresponding weighting factor. The overall score of the technical offer is the sum of the final scoring of all the Sections/evaluation criteria. The overall score of the technical offer is calculated on the basis of the following formula:

$$B_i = w_1 \times c_1 + w_2 \times c_2 + \dots$$

For the overall score which will determine the ranking of offers, technical evaluation will be weighted with 90%, and the financial offer with 10%.

The final listing of the most advantageous offers will be made on the basis of the following formula:

$$\Lambda_i = 0,9 * (B_i/B_{max}) + 0,1 * (K_{min}/K_i).$$

Where:

B_{max}: the max score received by the best of the technical offers received

B_i: the score of the technical offer

K_{min}: The cost of the financial offer with the minimum price offered.

K_i: The cost of the financial offer

The most advantageous offers is the one with the greater value of Λ .

In case of equality of overall scores, the retained proposal is the one whose corresponding technical proposal received the highest rating.

Duration of the Contract

The overall duration of the contract will be maximum twelve (12) months.
