GCF/ GCF READINESS/ READINESS ACTIVITIES

NEMA & The Green Climate Fund

GREEN
CLIMATE
FUND

NEMA GREEN CLIMATE FUND ENGAGEMENT

NEMA got accredited with GCF on 9th March 2016

NEMA Accreditation Credentials

- Micro-scale, project size of US\$ 10 million irrespective of the size of the GCF contribution. Can submit as many proposals but with 10 USD capping
 - Category B
 - Project management
 - Full grants; No conditional need for co-finance or leveraged finance
-

NEMA GCF PROGRAMMING

NEMA GCF Proposal design process

COORDINATION MECHANISM

1. GCF Programme design process for NEMA, steered by National treasury and in their role as NDA and NEMA as the Accredited Entity
2. Process Conceived through a consultative process mainly with NDA, NIE - NEMA and MENR, With and technical support from from CDKN, WRI, UNEP
3. Formation of a three tier governance structure to oversee the programme design

Governance (Coordination)

1. Project Steering Committee.

Role: Steer the programme, highest decision making organ

1. Convened and Chaired by the National Treasury and co-chaired by the Ministry of Environment
2. Membership; Treasury, MENR, NEMA, CDKN, LTS, COG, All readiness providers

2. Technical Working Group

Role: Give technical guidance to the process, eg Identification of the priority thematic areas

1. Convened and Chaired by the National Treasury
- ~~2. Membership; Treasury, MENR, NEMA, COG~~

Governance..Cont

3: Project Design Teams : PDTs; Design the projects

1. Selection process of PDTs - Letters for nomination from the National Treasury were sent to PSs and CEOs of MDAs
2. PDTs have received training on GCF processes, Adaptation Project prioritisation and Financial and Economic analysis
3. Institutions represented; MOA, MENR, Ministry of Devolution, NDMA, Council of Governors, UON, KEFRI, KFS, KARLO, KEPISA, Ministry of Water, World Concern, WWF, NEMA, WARMA
4. Four thematic areas identified (by the technical working group) as follows;

Priority thematic areas

1. Devolved Governance

Programme title: Strengthening county governance to access climate finance for sustainable development

2. Climate Smart Agriculture

Programme Title: Enhanced resilience of crop, Livestock and Fisheries subsectors by promoting Climate Smart Agriculture in target Counties

3. Water

Programme Title: Strengthening the resilience of vulnerable Communities and ecosystems in Athi River Catchment

4. Environment

Programme Title: Enhancing Community resilience through tree crops based livelihood options in Makueni, Kilifi and Muranga

Climate Smart Agriculture

1. KARLO
2. Ministry of Agriculture
3. Kenya private Sector Alliance KEPSA
4. Council of Governors
5. National Treasury
6. NEMA

Environment

1. Kenya Forest Service
2. Ministry of Environment and Natural Resources
3. Systems for Land based emissions in Kenya SLEEK
4. Kenya Forestry Research Institute

Water

1. Ministry of Water and Irrigation
2. NEMA
3. Council of Governors
4. University of Nairobi
5. World Concern
6. Water Resources management Authority

Devolution

- Ministry of Devolution and Planning
- National Drought management Authority (NDMA)
- Council of Governors
- National Treasury
- NEMA

Programmes Submitted

1. Devolved Governance

Programme title: Strengthening county governance to access climate finance for sustainable development

2. Climate Smart Agriculture

Programme Title: Enhanced resilience of crop, Livestock and Fisheries subsectors by promoting Climate Smart Agriculture in target Counties

3. Water

Programme Title: Strengthening the resilience of vulnerable Communities and ecosystems in Athi River Catchment

4. Environment

Programme Title: Enhancing Community resilience through tree crops based livelihood options in Makueni, Kilifi and Muranga County

5. Laikipia Green Integrated Programme

Current Undertakings

- ❑ Approval of NEMAs readiness fund from GCF (43 M)
 - ❑ Approval of PPF to design the Devolution Programme (35M)
 - ❑ Development and submission of two programmes under SAP
 - 1 Mainstreaming environmental sustainability and Climate change in Ministries, Departments, Agencies (MDAs), Small and Medium Enterprise (SMEs) and targeted Private sector entities (Approved to full proposal development)*
 - 2 Adaptation to Climate Change - Induced Water Stress Through Promotion of Small Scale Rain Water Harvesting in Selected Counties*
-

NEMA GREEN CLIMATE FUND PROGRAMMES: AUGUST 2018

Thematic Area	Title	Amount Requested	Status	NEMA Ranking
Devolved Governance	Programme title: Strengthening county governance to access climate finance for sustainable development	10 M USD	On-going PPF approved =	3
Rain Water Harvesting	Programme Title: Adaptation to Climate Change - Induced Water Stress Through Promotion of Small Scale Rain Water Harvesting in Selected Counties	10 M USD	On-Going: Considering support from Global Water Partnership	
Climate Smart Agriculture	Programme Title: Enhanced resilience of crop, Livestock and Fisheries subsectors by promoting Climate Smart Agriculture in target Counties	10 M USD	Initiated support from Net fund	
Sustainability	Mainstreaming environmental sustainability in Kenya by up-scaling environmental resource use efficiency and foot printing. (Carbon footprint, Energy, Water, Material, Waste & Value chain	10 M USD	On-going - Internal design Process	3
Water	Strengthening the resilience of vulnerable Communities and ecosystems in Athi River Catchment	10 M USD	90% Complete: KEITI consultants on board	2
Forestry	Restoration of the ecological integrity of the South Marmanet Forest for enhanced community resilience to climate change in Laikipia County , Kenya – Under design	10 M USD		3
Air Quality	Air quality monitoring in Kenya - under design	10 M USD	Ongoing	1
