

a water secure world

Youth Involvement in Water Management

Kenge James Gunya, GWPO

GWP Youth Engagement Strategy launched 2015

The objective of the Strategy is to provide an overarching framework to guide GWP and its Network in engaging with young people, youth organizations, and young water professionals and to empower them to become agents of change.

Goals and Thematic Areas

GWP 2014-2019 Strategy

1. Catalyze change in policies and practice
2. Generate and communicate knowledge
3. Strengthen partnerships

Themes

1. Climate resilience
2. Transboundary cooperation
3. Urban
4. Water food nexus

Transboundary cooperation

Water Governance and International Water Law Training in Africa and Latin America.

Involve and encourage youth as an active group in transboundary water management.

Youth for Water and Climate;
A Global Partnership to support Youth
Projects addressing Water and Climate
Challenges.

Water, Climate and Development
Programme Young Professional
Development Initiative (YPDI)

Water Food Nexus

Youth Entrepreneurship and Jobs

Discussion Questions

1. What can youth bring to transboundary water management?
2. How have you involved and or intend to involve youth in transboundary water management?
